Wholesale Prices for Florists and Market Gardeners

To our Customers:

This year we are better equipped than ever before to serve you. We value your patronage, and hope we may continue to receive your orders.

For eighty-two years Vicks Extra Value Seeds have been widely used by the Florists and Market Gardeners of America. They know Vicks **quality,** and Vicks **service.** Experience has proved to them that Vicks Seeds "Grow the best crops the earth produces."

The majority of our customers order from us year after year. They rely upon us to give them the high quality of seeds they need to make a success of their business.

Additional to the large number of orders we receive from these old customers, to whom we owe our sincere thanks for helping us build up our immense business, we welcome orders from those who have not previously dealt with us.

Trustworthy Seeds

Experienced Florists and Market Gardeners everywhere realize that the first essential to success is the use of the best seed obtainable. It surely is poor policy to take a chance on the quality of the seed from which you hope to make your profits. During all the years Vicks Extra Quality Seeds have been on the market, they have enjoyed an enviable reputation.

Many New Varieties

We have had an important part in the development and introduction of many of the best varieties of Flowers and Vegetables in use today. We also are in constant touch with other seed specialists, and after checking values and comparing qualities, we are able to offer the best stocks obtainable.

We are offering this year the largest number of new worthwhile varieties it has ever been our privilege to list in a single season. Additional to the information in this Wholesale Catalog, you will find complete descriptions of these varieties in our 1932 Vicks Garden and Floral Guide. Be sure to get a copy of this valuable Book.

Send Your Orders Early

We have made preparations for handling the largest business in our history. Every detail of your orders will be given quick and careful attention.

We earnestly solicit your patronage, confident you will be more than pleased with your purchases.

Let us prove to you that our prices, our service, and our seeds, bulbs, and roots are right.

No matter how small or large, your orders will receive our best attention. May we hear from you early!

JAMES VICKS SEEDS, INC.

"America's Oldest Direct-by-Mail Seed Concern"

"On Their Way In A Day"

You can rely upon getting **prompt service** when you order from James Vicks. From our many years of experience we know what it means to the customer to have quick shipment of all orders.

Centrally located, with favorable Freight and Express conditions, we pride ourselves on handling orders rapidly.

"On Their Way In A Day" is no idle phrase with us. Every order for seeds we receive, unless there is some special reason requiring special handling, is shipped the same day it is received.

Bulbs and Roots which may be planted indoors, or which can be safely kept until your proper outdoor planting time, will be sent without delay, but packed separately from seeds, because they require different packing.

Asparagus, Horse Radish, and Rhubarb Roots will be sent at your proper planting season.

Nursery Stock and Perennial Plants are shipped direct from our Nursery in Ohio, when safe to be planted in your locality.

Transportation Charges

Unless otherwise expressly stated, we pay the postage on vegetable and flower seeds. On grass, clover and field seeds, onion sets, potatoes, vegetable roots, nursery stock, fertilizers, insecticides and supplies, the purchaser pays the transportation charges. Shipment may be made express or freight, your option.

Credit and Terms To Florists and Market Gardeners

Our terms are cash with order unless you have an account with us, or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net; 2% discount for cash in ten** days from date of invoice; **3% discount when cash accompanies the order,** for vegetable and flower seeds, and flower bulbs. **No discount** on grass, clover and field seeds, onion sets, potatoes, vegetable roots, nursery stock or supplies.

New customers, unless satisfactorily rated with commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than $5.00 should be accompanied with cash.

If you want your order sent C. O. D., 25% of the amount should accompany the order. Due to their perishable nature, Bulbs, Roots and Nursery Stock **cannot** be sent C. O. D.

We Follow Your Instructions

To help us fill your orders quickly, please use our Order Blank. If shipment is not to be made by Parcel Post, state distinctly whether Express or Freight and give, **on each order,** the name of your express or freight office and on which railroad you wish goods shipped. Correct routing then is assured.

Damages or claims on account of any apparent error or shortage, or for any other reason, should be reported to us immediately. It is our earnest desire to make every sale a satisfactory purchase for you.

High Quality—Low Prices Satisfactory Service

We value your good-will highly. We realize that our success depends upon pleasing you. In our constant endeavor to furnish only the highest quality seeds, we also keep as our ideal, "Satisfactory Service."

It is our aim to give you such satisfactory seeds and service that you will recommend James Vicks Seeds to your friends. Our long and extensive experience as seed growers and distributors, and the excellent reputation our seeds enjoy everywhere are the best proofs of our ability to please you.

It is just as safe and convenient to order of us as if our store were in your town

High Germination and Purity Tests

In order that we may supply our customers with only the highest quality seeds and maintain Vicks high standard, as soon as our seeds come in from our growing station, tests of every variety are made for vitality.

Purity tests are made during the summer months in our trial grounds under the supervision of experienced men, which accounts for the fact that Vicks strains are unrivalled.

Our Guarantee

We guarantee, to the full amount of the purchase price, the safe delivery of everything you order from this Book.

We also guarantee satisfactory germination and purity of our seeds, plants, and bulbs purchased from this catalog to the full amount you paid us for same.

JAMES VICKS SEEDS, INC.

VICKS ASTER BOOK FOR FLORISTS

1203—Heart of France

Our Most Popular Novelty

Here is one of our varieties that is now catalogued by nearly every seedsman in America as well as abroad. Its popularity is ever increasing, making it a "record seller" with both seedsmen and market growers.

When we introduced this variety during the World War, the then French Ambassador, afterwards President of France, sent us a letter of appreciation that this beautiful flower had been named in honor of his country.

It is the best pure red Aster ever introduced without any trace of a bluish or purple cast found so often in red varieties. Heart of France opens red as the purest ruby, deepens with age and retains its remarkable beauty to the very end. The petals appear strikingly changeable, showing now a glow and sheen quite unique, now a soft warm velvety texture. In any light, natural or artificial, Heart of France is startlingly beautiful and will command instant admiration.

The flowers which are large and full to the very center are borne in masses on strong plants of branching type and very robust habit. Long and strong stems, having very few laterals, add greatly to the value of this variety. The plants begin to bloom quite early in the season and are at their height with the mid-season varieties. They retain their brilliancy and luster for a longer period than almost any other color.

The marvelous satiny sheen and luster on some petals and the velvety softness of others are faithfully reproduced in this photograph.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 60c; ½ oz. $1.00; 1 oz. $1.75

1202—Black Prince Aster

Black Prince is a California-developed Aster, belonging to the Beauty Class, of which it has all the desirable qualities. The plants are of broadly branching type, yielding an abundance of flower stems which are strong, stiff and fairly long. The flowers are of medium size and of good quality. Black Prince is a blue black as compared with Vicks Black Knight which is a maroon black. For those who plan to have a wide selection of colors and classes, we recommend Black Prince.

1/16 oz. 25c; ⅛ oz. 40c; ¼ oz. 70c; ½ oz. $1.15; 1 oz. $2.00

We have grown Asters longer, and have introduced more new varieties than any other seedsmen in America.

Vicks Heart of France Aster

OTHER OUTSTANDING VARIETIES

For wide range of color, beauty of flowers, general usefulness and popularity, no other annual flower in cultivation compares with the highly developed American Asters, nine-tenths of which were introduced by us.

Giant California Sunshine Aster

1240—Giant California Sunshine Asters

With this variety we present to our friends and customers a wonderful improved strain of Anemone-Flowered Asters, the original type of which had been introduced as Sunshine Asters several years ago in Europe. The flowers of our strain are much larger than those of the original one, are true Anemone-Flowered, and of excellent form and substance. Another feature is the sturdier, upright growth of the plants and the extra long stems which make our Giant California Sunshine Asters foremost cut flowers. Plants 2 to 2½ feet tall.

We recommend this type highly to both florists and home gardeners, as we consider it one of the finest cut-flower Asters yet introduced. The illustration on this page does only partly justice to the beauty of the flowers.

We offer Giant California Sunshine Asters in mixture only which contains many fine pastel shades including flesh, pink, lavender, violet and also white, which colors are in wonderful contrast to the creamy white tubular center florets.

⅛ oz. 85c; ¼ oz. $1.50; 1 oz. $4.50

1209—Vicks Silvery Pink

1210—Vicks Silvery Rose

These exquisitely beautiful flowers derive their distinction from the delicate silvery sheen which overlays the predominating color. **Vicks Silvery Pink** appears a warm, glowing pink, while, as the light reflects upon them, the tips of the petals have a silvery sheen which makes them appear almost white, the whole effect of which is indescribably beautiful. **Vicks Silvery Rose**—each petal is a combination of deep lilac rose, almost cerise, very delicately threaded with white. The threads are so tiny as to give the petals a silvery sheen, and not the impression of a striped variety. Even the slightest change in light will change the petals from a rich glowing rosy cerise to a silvery rose. The plants of both of these varieties are very vigorous. Stems are long and the flowers large. Very desirable for cutting.

1209 Silvery Pink, in packets only, each 40c; two for 75c
1210 Vicks Silvery Rose: 1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; ½ oz. $1.20; 1 oz. $2.00

VICKS THREE "PEERLESS" ASTERS

1205—Vicks Peerless Blue

This is the nearest approach to a blue yet developed in Asters. For many years Vicks Lavender has been called by many "Azure Blue," a very fitting name, but we have with "Peerless Blue" developed a deeper, darker shade, distinctly different from Vicks Lavender, but somewhat lighter than Purple. Peerless Blue is a splendid addition to our list of colors in the Late Branching class. Plants are very large and strong, and produce an abundance of flower stems of good length. The blooms are large and fully double.

Packets only: each 20c; 2 for 35c

1206—Vicks Peerless Pink

This is unquestionably the finest pink variety in the late flowering, branching class. The plants are of very sturdy growth and free branching habit, growing about 2 feet tall. The large flowers, which average 4 inches in diameter, are ball-shaped and double to the very center. The arrangement of the petals is most artistic, forming a slight whirl in the center. The color is a rich warm pink of unusual purity and beauty.

Vicks Peerless Pink Aster has been awarded countless prizes whenever exhibited by professionals or private growers.

⅛ oz. 25c; ¼ oz. 40c; 1 oz. $1.25

1207—Vicks Peerless Yellow

By far the most satisfactory yellow Aster yet produced. The flowers are large, remarkably full and ball-shaped, with centers deeply covered with curled and twisted florets. Every flower will come a beautiful, true, light yellow. The plants are of branching type and very vigorous. A single plant will frequently have from twenty to thirty good stems of sufficient length, with flowers of ample size for fancy cut-flower purposes. So numerous and large are the flowers, that the plants are completely covered like a golden dome. On account of crop shortage, the seed is very scarce, so that orders for this variety will be accepted only with orders for other varieties.

Packets only: each 40c; 2 for 75c

It's not your investment in seeds that counts—it's the returns from it. Vicks High-Grade Quality Seeds will give you best results.

Vicks Peerless Pink

VICKS FAMOUS EARLY ASTERS

For succession of bloom, include in your order early, mid-season and late varieties. Also try varieties you have not grown before. They are likely to be of value to you.

Vicks Royal Aster

Vicks Royal
A Splendid Early Variety
Superior to Queen of the Market

Without doubt one of the best, by many considered the very best, general purpose, early Aster ever introduced. The flower stems start from the plant close to the ground, are free from laterals and consequently give their full strength to the production of numerous large, handsomely proportioned flowers. It will come into bloom almost if not quite as early as Queen of the Market, but is immensely superior to that in size, quality and productiveness. Possessing all of the characteristics of Vicks Late Branching, but blooming much earlier, it will succeed because of its vigor and productiveness under conditions which would be fatal to most other early varieties. A sure money-maker.

Royals are especially well adapted to growing under glass.

1170 Deep Rose **1171 Lavender** **1172 Purple**
1173 Rose Pink **1174 Shell Pink** **1175 White**

Any variety above: ⅛ oz. 25c; ¼ oz. 40c; 1 oz. $1.20
1776 All Colors Mixed: ⅛ oz. 20c; ¼ oz. 35c; 1 oz. $1.00

Queen of the Market

One of the few varieties offered by us which we did not introduce. Originally a European variety. Our stock is American-grown and superior to the original type. It is **extra early,** very vigorous and yields large, double, salable blooms in great abundance. By sowing inside, transplanting to pots and transferring to open ground when safe, flowers can be had in May or June, depending on latitude and climate.

1135 Crimson **1136 Dark Blue** **1137 Light Blue** **1142 White**
1139 Flesh Pink **1140 Purple** **1141 Scarlet** **1138 Deep Rose**

Any variety above: ⅛ oz. 20c; ¼ oz. 35c; 1 oz. $1.00
1143 All Colors Mixed: ⅛ oz. 15c; ¼ oz. 25c; 1 oz. 85c

1204—Vicks Lavender Gem

This is the largest **extra early** lavender in existence. When the flower first opens it is a delicate lavender, deepening with age. The flower is always full double, showing no tendency to produce single or semi-double blooms. The feathery effect of the Ostrich-Feather type, to which it belongs, is enhanced by the fact that it bears a large proportion of long, partly tubular, florets that are irregularly cut and slashed, so that the flower looks like a ragged Chrysanthemum.

Comes into bloom about the same time as Queen of the Market, but the flowers are usually larger and bring higher prices.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; ½ oz. $1.20; 1 oz. $2.00

VICKS FAMOUS EARLY ASTERS

1208—Vicks Pink Enchantress

One of the Best Varieties in Many Years

Anyone who has grown our Pink Enchantress knows that all the good things we have said about this fine Aster have been fully warranted. Among its other good qualities it has proven a very desirable variety to grow under glass.

The color is a soft delicate pink, like Pink Enchantress Carnation, and does not fade. The flower is unusually lasting, both as a cut flower and on the plant, and is always fully double; the petals are of medium length and very broad. Those toward the center incurve very regularly, while gradually toward the outer edge the petals stand out more and more until those on the outside recede from the center, thus increasing the diameter of the flower. The general effect of the loosely arranged, delicately colored flower is indescribably soft and pleasing.

Vicks Pink Enchantress is upright in habit, as distinguished from the branching type. The plants are very vigorous, and the stems long, strong and graceful. A cut-flower Aster of great value.

1/16 oz. 20c; ⅛ oz. 30c; ¼ oz. 50c; 1 oz. $1.50

Vicks Triumph Comet Aster

A magnificent new class of mid-season Asters, with extra long stems and large fluffy, fully double flowers of the finest type. In season, Vicks Triumph Comet Asters are about the same as Vicks Royals. Splendid Mikado or Rochester flowers of the best type, on tall, upright plants. A great improvement over any Upright Comet heretofore offered, in size of plant, length of stem, and in size and perfection of flower.

1186 Crimson **1187 Dark Blue** **1188 Lavender** **1189 Purple**
1190 Rose **1191 Shell Pink** **1192 White** **1193 All Colors Mixed**

Any of the above: 1/16 oz. 20c; ⅛ oz. 30c; ¼ oz. 50c; ½ oz. 85c; 1 oz. $1.50

Early Beauty Aster

A recently developed early strain from the Late Beauty Aster which comes into bloom in September and October. Distinguished by their very large, densely double flowers on unusually long stem. About the same season as Vicks Late Branching. We offer seven colors.

1037 Azure Blue or Dark Lavender **1038 Carmine Rose**
1039 Crimson **1040 Peach Blossom** **1041 Purple** **1042 Rose**
1043 Shell Pink **1044 White** **1045 All Colors Mixed**

Any of the above: ⅛ oz. 30c; ¼ oz. 50c; 1 oz. $1.50

Start some of your seed early, indoors or in hot-beds, to have strong plants ready for planting outdoors after the weather has settled and the nights have become warm.

Vicks Pink Enchantress Aster

VICKS BRANCHING ASTERS

Our Aster seed is grown from the best stock seed which is improved from year to year. We do not keep with the crowd, we keep ahead, which accounts for the fact that the names "Vicks" and "Asters" are inseparable.

Vicks Late Branching Aster

Vicks Late Branching Aster

The Peerless Queen of Asters

The popularity of Vicks Branching Asters continues to grow. Today more seed of these Asters is sold than of all other American-grown strains. While many other varieties are needed in any well proportioned crop of Asters, few florists could afford to be without a large planting of this exceptionally fine strain. Vicks Branching Asters are catalogued by many reliable seedsmen, from whom it would be perfectly safe for florists to order. There are imitators, however, against whose worthless substitutes we caution our customers and friends.

Bear in mind that Vicks Branching has steadily improved so that it surpasses the type sold only a few years ago, and is still the very best late Aster, and remains unsurpassed in those qualities which are demanded of a high-class, quick-selling, commercial variety.

Plants are extra large, of strong and vigorous growth, yielding a profusion of flowers from the middle of August until heavy frost. The flowers are of extraordinary size, and stand erect on long graceful stems.

1016 Azure Blue	**1017 Crimson**	**1018 Dark Blue**
1019 Deep Rose	**1020 Lavender**	**1021 Lavender Pink (Rose Pink)**
1022 Mary Semple Shell Pink		**1023 Peach Blossom**
1024 Purple	**1025 Snow White**	

Any variety above: ⅛ oz. 20c; ¼ oz. 35c; 1 oz. $1.00
1026 All Colors Mixed: ⅛ oz. 15c; ¼ oz. 25c; 1 oz. 85c

Vicks Early Branching

This excellent Aster is similar in character of plant and flower to the Late Branching, but blooms about a week or ten days earlier, enabling the grower to market his Asters in advance of the main crop of Late Branching, at a time when there is a scarcity of good Asters, with prices correspondingly high.

The flower stems are comparatively devoid of side shoots, enabling the entire vitality of the plant to go into the development of the few long, graceful stems, crowned by immense double flowers. Practically every bloom is an exhibition flower. What is needed today is not more, but larger and better Asters. Very sparse seeding.

1000 Crimson	**1001 Dark Violet**	**1002 Lavender**
1003 Lavender Pink	**1004 Purple**	**1005 Rose**
1006 Shell Pink	**1007 White**	**1008 All Colors Mixed**

Any of the above: 1/16 oz. 20c; ⅛ oz. 30c; ¼ oz. 50c; ½ oz. 85c; 1 oz. $1.50

VICKS ROCHESTER ASTERS

Named at Request of Rochester Chamber of Commerce

This foremost type of Aster has originated in our Mikado Aster over which it is a remarkable improvement. Although similar in appearance, the flowers are much larger, of heavy substance, and always double to the very center. The long narrow petals are attractively curled and twisted in the center, whereas the ray or outer petals are gracefully recurved, all in all making the flower resemble the large shaggy Chrysanthemum offered by florists.

The plants are of vigorous growth and well branched, carrying their flowers on long, stiff stems. This, as well as the beauty of the flowers, makes Vicks Rochester Asters foremost cut flowers.

The blooming season is about the same as that of the Branching Comet or Crego, but a little earlier than Vicks Late Branching.

1152—Lavender Pink Rochester

Official Flower of the City of Rochester

Although of rather recent introduction, the popularity of this lovely Aster is steadily increasing. The beautiful clear lavender-pink color of its attractive, gigantic flowers makes it a favorite with both commercial Aster growers and home gardeners. The flower illustrated on this page was over 6½ inches in diameter.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; 1 oz. $2.00

1150—Heart of Rochester

Our Newest Rochester Aster

Of the same rich ruby red color as Heart of France, the most popular red Aster ever grown. These two, Heart of France and Heart of Rochester, are the only true ruby red Asters found in any class either in America or Europe, and, therefore, are given the preference over all other red varieties found in Asters. This variety must be seen to be fully appreciated.

Packets only: each, 40c; 2 for 75c

The following varieties complete the color range found to date in Vicks Rochester Asters. Each and every one is a beauty in itself, and so will make it worth your while to grow some plants of all of them, as all are sure to find a ready market. As our strains are re-selected year after year and most carefully rogued, your planting of Vicks seeds will prove a money-making proposition.

1151 Lavender	**1153 Purple**	**1154 Rose**
1155 Shell Pink	**1156 Silvery Rose**	**1157 White**

Any color above: ⅛ oz. 40c; ¼ oz. 70c; 1 oz. $2.00
1158 All Colors Mixed: ⅛ oz. 35c; ¼ oz. 60c; 1 oz. $1.75

We have specialized in Asters longer, and introduced more varieties, and grown more seed than any other seedsmen in America. We pride ourselves to have the finest strains of Asters that can be had anywhere, and the ever increasing demand for our seeds proves their outstanding quality.

Vicks Rochester Aster

GIANT BRANCHING COMET OR CREGO ASTERS

Sow liberally. Have plenty of plants coming on after your fields are first set. Then you will be prepared to replant at once in case of the destruction of your field by storms or droughts.

Vicks Giant Branching Comet Aster

Giant Branching Comet or Crego Asters

Our strain of this lovely variety produces only double flowers of the true ragged Comet type, and is the result of untiring efforts carried on by us for many years; and we are justly proud of it. The plants resemble the Branching Asters in size and habit and in season of bloom. Giant Branching Comet Asters are exceptionally fine for cutting and always will bring a good price.

1060 Azure Blue **1061 Crimson** **1062 Deep Rose** **1063 Lavender**
1064 Purple **1065 Shell Pink** **1066 White**

Any variety above: ⅛ oz. 25c; ¼ oz. 40c; 1 oz. $1.25
1067 All Colors Mixed: ⅛ oz. 20c; ¼ oz. 35c; 1 oz. $1.00

Vicks Perfection Asters

Splendid Mid-Season Uprights

We consider this the finest upright mid-season Aster in cultivation. The flowers are exquisite in form, and the plants equal in height those of the late upright Asters.

The petals of the opening flower fold gracefully toward the center like enormous peonies, while the outer surface of the petals shows a glow or sheen characteristic of some of our newest Asters like Heart of France.

In mature flowers, the outer rows of petals are straight, but the center is completely covered by a mass of curved and twisted petals regularly arranged in a sort of curl or whorl. The broad petals are slightly folded lengthwise, making them appear rather narrow.

The plants are extremely vigorous, with unusually broad, dark green leaves and stout stems. They carry from six to twelve large flowers on long stems free from side branches.

1120 Crimson **1121 Lavender** **1122 Purple** **1123 Rose**
1124 Shell Pink **1125 White** **1126 All Colors Mixed**

Any of the above: 1/16 oz. 20c; ⅛ oz. 30c; ¼ oz. 50c; ½ oz. 85c; 1 oz. $1.50

1225—Vicks Novelty Aster Mixture

We are offering this mixture to our friends in the belief that it is one of the most valuable mixtures which any florist can use. The seed of this mixture was saved from plants grown in our Aster experimental grounds, where the work of improving, selecting and producing new varieties is carried on. You can imagine the wonderful assortment of types and colors which this mixture contains.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; ½ oz. $1.20; 1 oz. $2.00

VICKS FAMOUS KING ASTERS

The "King Asters" represent quite a distinct and valuable class or type with their many outstanding qualities which make them favorites with many Aster lovers. Plants are of vigorous growth and sturdy habit, growing 1½ to 2 feet tall.

The fine, large, substantial flowers, which are very double, are produced in great profusion on long, stiff stems, which accounts much for their popularity as cut flowers. The petals are long, narrow and folded lengthwise, being more or less quilled, which gives the large flowers a bold and striking appearance. In season they are rather early, coming into bloom shortly after the Royal Aster.

King Asters are ideal for both market growers and home gardeners as they are equally desirable for bedding and cutting purposes. The flowers, when cut, have an unusual keeping quality, lasting longer than any other class. The purity of their gorgeous colors, combined with the exquisite form and texture of the graceful, charming flowers, gives King Asters an unusual distinction.

1100 Crimson **1101 Lavender** **1102 Lavender Pink** **1103 Prince of Wales**
1104 Rose **1105 Shell Pink** **1106 Violet** **1107 White**

Any variety above: ⅛ oz. 25c; ¼ oz. 40c; 1 oz. $1.25
1108 All Colors Mixed: ⅛ oz. 20c; ¼ oz. 35c; 1 oz. $1.00

1201—Black Knight Aster

The darkest Aster yet produced. There is a delicate sheen of deep red which prevents the flower from being a dead black, thus giving it a rich velvety beauty and enhancing its usefulness and value. It harmonizes beautifully with flowers of almost any color or combination of colors. While it wins instant admiration alone, either in bouquets or in garden planting, in combination with other colors it is not only strikingly attractive itself, but brings out and glorifies the beauty of the other flowers. Black Knight belongs to the Early Branching class. The plant is extremely vigorous, stems of good length for cutting, and has few lateral side buds. Flowers are of good size and well filled.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; ½ oz. $1.20; 1 oz. $2.00

The difference in cost between Vick Quality Seeds and the common kind may be only a trifle, but trifles frequently make all the difference between success and failure.

Vicks King Aster

Vicks Autumn Glory, the Best Late Pink Aster Ever Grown

It is our constant endeavor to produce varieties suitable for all seasons, circumstances of locality and trade and every individual taste. That is the reason for the rapidly growing demand for our Asters.

Vicks Autumn Glory Aster

1200—Vicks Autumn Glory Aster

An Extraordinarily Beautiful, New, Very Late Branching Aster

Pure seashell pink. While similar in color to Semple's Pink, with which all growers are familiar, it has a better and more substantial flower, a deeper and longer-keeping color, larger and stronger type of plant. Its most distinctive characteristic and chief claim for recognition, however, is the fact that it is later in season than any of the other varieties.

While it cannot take the place of Silvery Pink, or Peerless Pink Branching and others of like color, all of which are earlier, it supplements them by blooming after the other Late Asters are past their prime, and before the early Crysanthemums are ready, thus prolonging the Aster season two weeks, and coming at a time when good flowers are extremely scarce. Vicks Autumn Glory is a money-maker for the commercial grower, and a delight to the amateur. It comes uniformly true to color and type. The flowers are very double and are borne on stems of unusual length.

1/16 oz. 20c; ⅛ oz. 35c; ¼ oz. 65c; ½ oz. $1.20; 1 oz. $2.00

Improved California Giants

California Giants possess all the good points an up-to-date Aster should have—large, double flowers, long stems, and excellent keeping qualities. They are a splendid mid-season to late flowering variety, the plants of which grow 2½ to 3 feet high. The long, wiry branches measure 18 to 24 inches in length, thus making them one of the most desirable cut flower varieties on the market. The beauty and size of the flowers, 5 inches and over being not unusual, are quite outstanding. The broad, long petals are loosely arranged, curled and twisted much in the same way as the Giant Chrysanthemums which we so often admire in florists' window displays. Our strain has been perfected in every regard so that it can easily compare with those of other growers.

The separate varieties which we offer below are true to type and color. Our mixture is properly blended so that each color will be in perfect harmony with the balance of the mixture.

1080 Dark Purple **1081 Deep Rose** **1082 Light Blue**
1083 Peach Blossom **1084 White**

Any variety above: ⅛ oz. 35c; ¼ oz. 65c; 1 oz. $2.00
1085 All Colors Mixed: ⅛ oz. 30c; ¼ oz. 55c; 1 oz. $1.75

New Flowers that are Sure to Please

Antirrhinum

Half-Dwarf

1304—Eclipse

A splendid, new variety of the Half-Dwarf class, with massive spikes of large flowers. The individual blooms are closely set on strong stems 15 inches long, making this a foremost cutting variety. The color is a rich deep crimson of velvety appearance, which is almost unequalled for beauty.

1/16 oz. 50c; 1/4 oz. $1.50; oz. $4.50.

Carnation, Enfant de Nice

Carnation

3618—Enfant de Nice, Mixed Colors

Unquestionably one of the finest strains of Carnations that are grown from seed. The large flowers, which measure 2½ to 3 inches across, are borne on strong, long, wiry stems, and are indescribably beautiful. An additional point of value is that, in spite of the large size of the flowers, the calyx does not split which has been a disadvantage with other large flowering varieties. A fine outdoor variety for florists and home gardeners.

1/32 oz. 70c; 1/8 oz. $2.40; 1/4 oz. $4.50.

Calliopsis

1627—Tom Thumb, Dazzler

A bedding plant of exceptional attractiveness. The plants, 12 inches tall, are literally covered with lovely, good size flowers with a maroon red center broadly bordered golden yellow.

1/8 oz. 30c; 1/4 oz. 50c; oz. $1.50.

Chrysanthemum

1685—Nivellii

This is an entirely new type of Annual Chrysanthemum, growing about 2 feet tall. The large golden yellow flowers, which are borne profusely on strong branching plants, are very attractive and excellent for cutting. Fine for forcing under glass.

1/4 oz. 85c; oz. $2.50.

Dianthus

3701—Allwoodii Alpinus

Rock garden enthusiasts are sure to welcome this fine addition to the collection of Alpine plants. The perpetual flowering plants, which grow but 4 to 6 inches high, have glossy green leaves and are covered during June and July with large, brilliant rose, fragrant flowers. Prefers limy soil and some shade.

100 seeds $1.25; 1000 seeds $10.00.

Hollyhock

3789—Carnation-Flowered

Mixed Colors

The flowers of this new Hollyhock variety, 5 inches across, are double to the very center without any decided collar or outer petals, and consist chiefly of dark colors with lacings and markings of contrasting lighter colors. The plants grow 4 to 5 feet tall and are of strong upright habit. An outstanding novelty.

1/8 oz. 75c; 1/4 oz. $1.35; oz. $4.00.

Larkspur, Miss California

Larkspur

Giant Imperial

A great advancement in Larkspur of upright or Delphinium growth, with rich green foliage. The flowers are large, fully double, and well placed along the spikes. Excellent for cutting.

2203—Carmine King—Rich carmine rose.

2209—Miss California—Rich deep pink on salmon ground.

Either variety: 1/4 oz. 50c; oz. $1.50.

Marigold, Guinea Gold

Marigold

2300—Guinea Gold

Quite a departure from the old-fashioned Marigold. The plants are of pyramidal habit, growing from 2 to 2½ feet high and are literally covered with semi-double flowers about 2½ inches in diameter, borne on long stems well above the dark green foliage. The color is a dazzling shade of orange flushed with gold. The broad petals are artistically and loosely arranged. This variety must be seen to be appreciated.

1/8 oz. 50c; 1/4 oz. 90c; oz. $3.00.

Nasturtium, Golden Gleam

Nasturtium

Double-Flowering

2403—Golden Gleam

The first double Nasturtium ever introduced. Of vigorous, rather bushy growth, bearing large golden yellow flowers in profusion well above the foliage, on erect stiff stems. A most attractive variety. The delicately fragrant flowers, when cut, will last for quite some time.

1/2 oz. 70c; oz. $1.25; lb. $15.00.

Ornithogalum thyrsoides

Ornithogalum

2495—Thyrsoides

Attractive racemes of 30 to 40 white, star-like flowers, one inch across, arranged in triangular form. Ascending in florescence, the flower spikes last for a long time. The plants form bulbs which must be taken up shortly before frost. A wonderful cut flower of unusually long lasting quality.

1/32 oz. 50c; 1/4 oz. $2.50; oz. $7.50.

Scabiosa, Vicks New Giant Hybrids

Scabiosa

2738—Vicks New Giant Hybrids

A marvelous improved strain which is truly unrivalled both as for size of flowers and range of beautiful colors. Individual flowers measure 2½ inches across.

1/8 oz. 70c; 1/4 oz. $1.25; oz. $3.75.

Novelties of High Commercial Value

Sweet Wivelsfield

3975—Sweet Wivelsfield

In growth this entirely new race of Hardy Pinks is very similar to Sweet William which constitutes one of the parents used by the hybridizer. However, the flowers are far superior to the latter both as regards size and range of colors. The various self colors and color-combinations are too manifold and beautiful to be adequately described. The flowers are borne in umbels, six inches or more in diameter. It remains in bloom for many months and is equally desirable for bedding and cutting.

1/8 oz. 50c; 1/4 oz. 90c; oz. $2.75.

Venidium Fastuosum

2885—Venidium Fastuosum

A half-hardy annual from South Africa for both indoors and outdoors. The glowing orange flowers with dark center and blackish purple zone, measure three inches across and are in wonderful contrast to the long, serated leaves. Start indoors or in a hot bed and transplant outdoors when danger of frost is past. Excelent for cutting.

1/16 oz. 70c; 1/4 oz. $2.25; oz. $6.75.

Four New Glorious Sweet Peas

(Summer Flowering)

3201—Ambition—A perfectly distinct new lavender with a darker shade on the base of standards and wings when young. The extremely large flowers are beautifully waved, substantial and well placed on long, stiff stems. The finest lavender yet introduced.

1/2 oz. $1.65; oz. $3.00; 4 oz. $9.00; lb. $30.00.

3254—Floradale—A new salmon-pink on cream ground, unusually rich and pleasing. The extraordinary size of the charmingly frilled flowers and the long wiry stems are two of the main features of this desirable novelty. Of strong and vigorous growth, producing an abundance of flower sprays, each bearing four blooms.

1/2 oz. $1.65; oz. $3.00; 4 oz. $9.00; lb. $30.00.

3333—Mrs. Luther Burbank—Large substantial flowers of a pleasing cerise with the standard slightly suffused salmon-pink, while the wings are lighter in color and show a white blotch at the keel. Carried in fours on strong, cane-like stems. Extra fine.

1/2 oz. $1.65; oz. $3.00; 4 oz. $9.00; lb. $30.00.

(Winter Flowering)

3105—Betsy Ross—Intensely ruffled flowers of charm and distinction. The color is clear rose on a cream ground. In the standard the rose color congeals into a penciled design with a bright sulphur-yellow picoteed edge. The wings are a warm, soft rose, shaded with cameo-pink, diminishing in intensity toward the edges. Awarded the Silver Medal at the Philadelphia Flower Show; also received two Certificates of Merit and an Award of Merit at the Chicago Show.

1/2 oz. $1.35; oz. $2.50; 4 oz. $7.50; lb. $25.00.

Every year we receive many complimentary letters from growers on the results from Vicks seeds. Give them a trial!

Giant Verbena, Lavender Glory

Giant Verbenas

2902—Lavender Glory

The unusual color and distinct fragrance of its flowers make this new variety one of the finest in the class of Giant Flowering Verbenas. It is a true lavender with a creamy white eye which accentuates the exquisite lavender tone. The large flower heads are composed of individual florets the size of which is quite outstanding, measuring 1¼ inch in diameter and over.

1/16 oz. 60c; 1/4 oz. $1.70; oz. $5.50.

2910—Salmon-Pink

This is a truly charming pendant to Lavender Glory, described above. The flower heads and individual florets are equally as large and beautiful. The color is a true pure salmon-pink attractively set off by a white eye. An outstanding feature of this variety is that it can be depended upon to come true from seed.

1/8 oz. 30c; 1/4 oz. 50c; oz. $1.50.

Beautiful New Zinnias

Dahlia-Flowered

3025—Luminosa

Another distinct and appealing shade of bright rose of unusual attractiveness. It is practically impossible to give a description that will do full justice to this novelty. It may be briefly described as an artistic combination of various bright deep pink shades, all in one flower, with a suffusion of salmon, a few tones darker than Exquisite. A valuable addition to the much desired Dahlia-Flowered class.

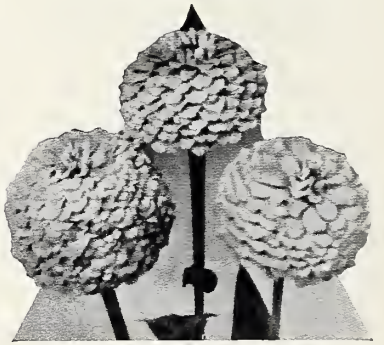
1/8 oz. 50c; 1/4 oz. 85c; 1 oz. $2.50.

Zinnia pumila

3084—Picotee Delight, Salmon-Rose

The flowers are of small size with charmingly curled petals and Picotee markings, carried on slender, erect stems. Of deep rich salmon-rose color. A novel cut flower of great value and beauty.

1/8 oz. 60c; 1/4 oz. $1.00; oz. $3.00.



Zinnia, Early Wonder, Rose-Pink

Early Wonder

The first of a new race of dwarf, early-flowering Zinnias producing a wealth of Pumila-type flowers on medium size stems which start from the ground and have no laterals. 12 to 15 inches high. Early Wonder Zinnias come into bloom very much ahead of all other kinds now on the market and are truly unsurpassed for cutting. If cut early in the morning and placed in water at once they will remain in perfect condition for a week or longer. Whether used alone or in combination with other cut flowers they will command instant admiration.

3080—Fiery Salmon-Cerise—A color highly prized for cutting.

3081—Rose-Pink—An exquisite shade of deep rich rose-pink which is very appealing.

Either Variety: 1/8 oz. 60c; 1/4 oz. $1.00; oz. $3.00.

Zinnia—Giants of California Enchantress

Vicks Giant Zinnias

Zinnias, because of their excellent bedding, cutting and lasting qualities have long been a general favorite with both florists and home gardeners. They were found in our grandmothers' gardens, although not in such a wide range of color or with such large and manifold flowers. The continuous efforts of plant hybridizers have been awarded with flowers of exquisite beauty heretofore unknown.

The Giant Mammoth varieties produce large, almost ball-shaped flowers with petals arranged in shingle-like form. The colors are rich and bright. Dahlia-Flowered Zinnias are still larger and come in the finest pastel shades. The shape of their flowers reminds one of the Queen of the Fall—The Dahlia. Giants of California Zinnias are large and rather flat with broad, loosely arranged petals. All of them are equally as desirable for cutting as for bedding.

GIANT DAHLIA-FLOWERED

3020 Buttercup, deep creamy yellow
3021 Crimson Monarch, crimson-scarlet
3022 Dream, deep lavender
3023 Exquisite, rich rose with deeper center
3024 Illumination, deep rose
3026 Old Rose
3027 Oriole, orange-yellow
3028 Polar Bear, pure white
3029 Scarlet Flame, bright scarlet

Any of the above varieties:
1/8 oz. 35c; 1/4 oz. 60c; 1 oz. $1.75

3025 Luminosa, deep pink suffused salmon
1/8 oz. 50c; 1/4 oz. 85c; 1 oz. $2.50

3030 Mixed Colors. All of the above in a glorious mixture.
1/8 oz. 20c; 1/4 oz. 35c; 1 oz. $1.00

GIANTS OF CALIFORNIA

3040 Enchantress, light rose
3041 Golden Queen, golden-yellow
3042 Lemon Queen, lemon-orange
3043 Miss Willmott, soft pink
3044 Orange King, burnt orange
3045 Pink Profusion, shrimp-pink
3046 Purity, pure white
3047 Rose Queen, bright rose
3048 Scarlet Gem, glowing scarlet

Any of the above varieties:
1/8 oz. 20c; 1/4 oz. 35c; 1 oz. $1.00

3049 Mixed Colors. A well proportioned assortment of colors.
1/8 oz. 15c; 1/4 oz. 25c; 1 oz. 80c

GIANT MAMMOTH

3004 Burnt Orange
3000 Canary Yellow
3001 Crimson
3002 Flesh-Pink
3003 Golden-Yellow
3005 Primrose
3006 Purple
3007 Rose
3008 Scarlet
3009 White

Any of the above varieties:
1/4 oz. 25c; 1 oz. 75c

3010 Mixed Colors. A splendid mixture of all Giant Mammoth Zinnias.
1/4 oz. 20c; 1 oz. 60c

CUT AND COME AGAIN

3090 Mixed. A semi-tall type of Zinnia with medium-sized, well rounded blooms on stems long enough for cutting. Of compact growth.
1/4 oz. 15c; 1 oz. 45c

CACTUS-FLOWERED

3077 Mixed. Giant flowers with quaint, quilled or tubular petals in many bright shades. The plants, which grow three feet tall, produce flowers in abundance.
1/4 oz. 50c; 1 oz. $1.50

CURLED AND CRESTED

3075 Mixed, Elegant double blooms with oddly twisted and curled petals in a wide range of fine pastel shades. Two feet tall.
1/4 oz. 25c; 1 oz. 70c

Fine Lawn Grass Mixtures

Florists and others who are looking for the best lawn grasses for sale or for use in making fine lawns can depend on any of the formulas offered below. We use only high-grade grasses in making these mixtures and comparative analysis tests published by official authorities are convincing proofs that no other concern offering grass seeds in New York State uses better grades. Records year after year prove that these grasses are better than most and surpassed by none.

Recommend, sell and use Vicks Lawn Grasses to win satisfied customers and secure steadily increasing trade.

5600 VICKS "PARK LAWN" GRASS

For a Thick Heavy Turf which will stand Hard Usage and make a good Velvety Green Carpet

Years of experience testing combinations of different grasses that will make a thick, firm, elastic, yet smooth turf, one that is deep rooted and will stay green in both wet and dry weather, has given us this splendid Park Grass Formula.

This mixture is composed of low growing, fine leaved, tough, hardy grasses that will stand a lot of wear. Unsurpassed for fine, smooth, lasting qualities required in the best home lawns. Used extensively for seeding Baseball Parks, Cemeteries, Play Grounds, Public Parks, School and Picnic Grounds.

5 lbs. or more, 37c per lb.; 10 lbs. or more, 35c per lb.; 25 lbs. or more, 34c per lb.; 100 lbs. or more, 33c per lb.

5602 VICKS "VELVET LAWN" GRASS

A highly recommended formula composed of several grasses of high standard of purity and germination in proper proportions to produce a thick sodded lawn in a few weeks after sowing, and to provide a deep green velvety lawn throughout the entire season.

5 lbs. or more, 30c per lb.; 10 lbs. or more, 28c per lb.; 25 lbs. or more, 27c per lb.; 100 lbs. or more, 26c per lb.

5601 VICKS "SHADY LAWN" GRASS

For Places So Shaded That Ordinary Grass Seed Will Not Grow

This is a combination of dwarf growing evergreen grasses, especially formulated to secure a good growth in shaded locations. We believe that this mixture will form a fine thick sod where any grasses can possibly grow.

5 lbs. or more, 30c per lb.; 10 lbs. or more, 28c per lb.; 25 lbs. or more, 27c per lb.; 100 lbs. or more, 26 per lb.

Select Vegetables of Recent Introduction

Pole Lima Bean

4078 Sunnybrook

The outstanding features of this excellent variety are extreme earliness, tremendous prolificness and finest quality. Each spike carries from five to ten large-sized pods, each pod being closely packed with four or five large, thick, meaty beans. Its pods are ready for picking earlier than any other large seeded Pole Lima. It has even proven to be as early as Carolina or Sieva Bean. Of vigorous growth.

1/2 lb., 35c; 1 lb., 50c; 5 lbs., $2.00.

Cabbage

4213 Penn State Ballhead

This strain will out-yield all others in tonnage per acre and, therefore, is highly recommended to market gardeners. The heads are large, round, of remarkable solidity and heavy weight. It will keep in perfect condition throughout the winter. Penn State Ballhead is the result of a single plant selection made by the Pennsylvania State College of Agriculture.

1 oz., 45c; 1/4 lb., $1.35; 1 lb., $4.50.

Cauliflower Super Snowball

Cauliflower

4281 Super Snowball

No other strain of Cauliflower can claim superiority over our Super Snowball, which appeared to be the best of all strains in the trials conducted by the Pennsylvania State College. It is very early, with the large, round, pure white heads forming all at one time and showing a uniformity of size, shape and type that is truly astonishing. The plants are of compact, dwarf growth with dark green foliage.

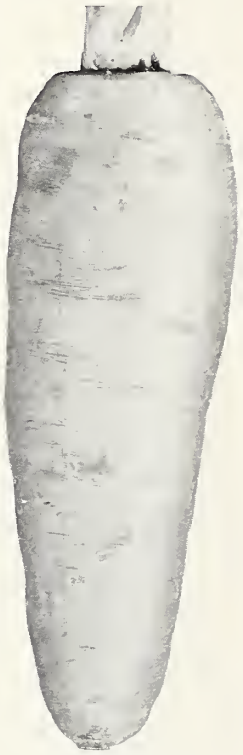
1/4 oz., $1.15; 1 oz., $3.50; 1/4 lb., $10.50.

Carrot

4256 Goldinhart

An outstanding variety which represents a remarkable improvement on Chantenay or Model. The smooth, gradually tapering roots average six inches in length by a diameter of 2½ inches. The attractive deep golden orange flesh is fine grained, deliciously sweet and tender, showing no trace of stringiness. Goldinhart is extremely productive and will be found to be of value to both market and home gardeners.

1 oz., 20c; 1/4 lb., 55c; 1 lb., $1.35.



Carrot Goldinhart

Watermelon

4551 Fordhook Early

This is a foremost, quick growing melon which will reach maturity under normal conditions in 85 days, and which will give excellent results in cool sections where later varieties would fail. The large fruits, averaging 25 pounds each, are of slightly oval shape and have delicious pink flesh. The thin rind is dark green, mottled and striped blackish green. Excellent for local markets but not suited for long distance shipping.

1 oz., 15c; 1/4 lb., 35c; 1 lb., 85c.

Watermelon

4557 Sunnybrook

Without question a most remarkable new Watermelon of excellent size, weighing 30 to 65 pounds each. The flesh is fine grained, very sweet and practically melting in the mouth. The fruits are oblong and uniform in shape and size. A tough rinded variety excellent for shipping to distant markets.

1 oz., 20c; 1/4 lb., 45c; 1 lb., $1.15

Pepper

4750 California Wonder

As implied in the name, California Wonder was originated in California. It quickly has found its way to the east, due to its wonderful qualities. This new variety is one of the largest peppers grown, with remarkably thick and sweet flesh. It is particularly noted for its great productiveness.

1/2 oz., 35c; 1 oz., 55c; 1/4 lb., $1.70; 1 lb., $5.75.

Lettuce Burpee's Butterhead

Lettuce

4454 Burpee's Butterhead

A newer variety which has fast become popular with market and home gardeners. The attractive heads are of largest size, often measuring 12 inches or more in diameter. They are very solid, with light green outer leaves and a beautiful light yellow heart. Quite tender and of fine texture. Withstands moderately hot weather.

1 oz., 20c; 1/4 lb., 65c; 1 lb., $1.75.

Onion

4602 Extra Early Yellow

One of the finest early Onions of medium size with a bright, yellow skin. The pure white flesh is mild, juicy, firm and of fine grain. In shape the Onions are somewhat flattened, yet not to the extent of Flat Yellow Danvers. A sure and evenly ripening market sort.

1 oz., 35c; 1/4 lb., $1.10; 1 lb., $3.25.

Radish Burpee's Relish

Peas

4714 Laxton's Progress

Where an extra fine dwarf early Pea is wanted, Laxton's Progress will fully answer the purpose. The plants average 18 inches in height and bear a profusion of attractive, rich green pods, four inches long, each filled with eight large, sweet and luscious Peas. It is a marrow variety, the seed of which is wrinkled.

1/2 lb., 25c; 1 lb., 45c; 5 lbs., $1.80.

Radish

4801 Burpee's Relish

A new, bright crimson red variety of appetizing appearance with pure white, firm, crispy and juicy flesh. The roots are of quite regular size and form, being distinctly heart-shaped. The time to mature is about 30 days. We know from our comparative trials that this variety is outstanding in every regard. Will force readily.

1 oz., 20c; 1/4 lb., 55c; 1 lb., $1.40.

5921 MUSHROOM SPAWN, New Method Bottle Spawn

The new method of growing Mushrooms is so easy and so generally successful, the popularity of this food has increased enormously. Bottle spawn is the most prolific ever developed. Simply break the bottle and plant small pieces an inch deep a foot apart each way in rich, cool, loam soil. To insure fresh stock, we have every order shipped direct from the laboratories where this spawn was scientifically developed.

Per bottle, $1.10; per case of 12 bottles, $12.60

5920 Pure Culture Brick Spawn

Many successful growers still rely on Brick Spawn. "Pure Culture" is the most reliable brick spawn.

Per brick, 40c; 25 bricks or more, 35c each

Insecticides

F. O. B. Rochester. Terms Net.

9100 Ant Killer—For use on lawns, golf courses, etc. A small quantity will destroy a whole colony of ants.
4½-oz. sifter-top can, 50c

9101 Ant Foil—A slow, sure acting poison containing honey syrup by which the ants are attracted. Very effective.
Set consisting of 6 filled feeder bottles, 75c per set
8-oz. can, 40c; 1 pt., 75c; 1 qt., $1.35

9102 Atlacide—Non-poisonous. Kills weeds, grass, roots as well as tops, without danger to animals or birds.
1-lb. sifter-top can, 50c; 3½-lb. can, $1.50

9103 Ansect—An effective insecticide for rose bugs, Aster beetles, red spider, aphids and other outdoor and indoor pests.
4 ozs., 30c; 1 pt., $1.00; 1 qt., $1.50

9104 Arsenate of Lead Powder—The standard insecticide for the control of chewing insects. Very effective either as dust or dissolved. May be mixed with Lime Sulphur or Bordeaux.
1 lb., 50c; 5 lbs., $2.00; 10 lbs., $3.00; 25 lbs., $5.00

9115 Black Leaf 40—40% nicotine. A concentrated preparation for aphis, thrip and red spider.
1 oz., 35c; 5-oz. bottle, $1.00; 2 lbs., $3.75; 10 lbs., $11.85

9117 Bug Death—Kills quickly insects eating the foliage and flowers. Can be used on vegetables or flowers dry or diluted. Safe, non-poisonous.
10-oz. sifter-top can, 35c; 5 lbs., $1.40

9125 Crow Dope—Non-poisonous treatment guaranteed by manufacturers to prevent crows, pheasants and squirrels from pulling corn. Does not clog planter or injure seed.
1/2 pt. (bushel size), 60c; 1 pt., $1.00; 1 qt., $1.50

9126 Cyanogas—Forms deadly gas when exposed to air. Grade G. (granulated) is slow acting, chiefly used for fumigating greenhouses. Grade A. (powdered) forms gas rapidly. Used for rats, moles and groundhogs, etc.
Grade A: 1 2 lb., 45c; 1 lb., 75c; 5 lbs., $3.00. Grade G: 5 lbs., $3.00

9135 Evergreen—Non-poisonous, stainless spray for beetles, aphids, worms, etc. May even be used on plants when in flower.
1 oz., 35c; 6 ozs., $1.00; 1 pt., $2.00

9141 Fish Oil Soap—A wash for roots of roses, shrubs and trees infested with insects.
1 lb., 35c; 5 lbs., $1.50

9160 Mag-O-Tite—Helpful in the control of root maggots.
1 lb., 50c; 5 lbs., $1.50

9188 Red Arrow—A highly concentrated Pyrethrum insecticide of outstanding merit. Deadly to all insects. Very economical.
1 oz., 35c; 1/4 pt., $1.00; 1 2 pt., $1.75; 1 pt., $3.25; 1 qt., $6.00

9190 Sulpho Tobacco Soap—An excellent spray for aphids on plants, and a wash for fleas on cats and dogs.
3-oz. cake: each, 15c; 1 doz., $1.50
8-oz cake: each, 25c; 1 doz., $2.50

9195 Terro Ant Killer—Exterminates ants quickly. Can be used in the house, greenhouse or any other building.
2-oz. bottle, 50c

9198 Tobacco Dust—Fine for dusting, or extra fine for fumigating.
1 lb., 15c; 5 lbs., 50c; 25 lbs., $1.75; 100 lbs., $5.00

Fungicides

9116 Bordeaux Powder—Standard mixture for fungous diseases. Directions for use on packages.
1 lb., 40c; 5 lbs., $1.75

9140 Fungtrogen—Controls black spot and mildew and is highly recommended by the best commercial growers. Fungtrogen may be used on all plants as soon as they show signs of mildew or rust.
1/2 pt., 75c; 1 pt., $1.25; 1 qt., $2.00

9150 Lime Sulphur Powder—For spraying fruit trees while dormant. Destroys San Jose Scale, Apple Scab fungus, peach rot, leaf spot, etc.
1 lb., 35c; 5 lbs., $1.40

Fertilizers

F. O. B. Rochester. Terms Net.

9000 Bloomaid—An effective fertilizer of great value. Can be used with perfect safety. Makes flowers grow larger, bloom earlier and longer. Makes shrubs and hedges more vigorous and is of particular use for vegetables which will mature earlier and will be found to be of better quality.
Tablet Form (125), 25c; Liquid Form (8-oz. bottle), 50c;
Pulverized Form: 1 lb., 25c; 5 lbs., 50c

9005 Bone Meal (Steamed)—An excellent fertilizer for lawns, shrubbery and plants of all kinds. Essential to production of best class of greenhouse flowers. Finely ground. Quickly available plant food.
5 lbs., 40c; 10 lbs., 70c; 25 lbs., $1.25;
50 lbs., $2.25; per sack of 100 lbs., $4.00

9025 Floranid—The New Nitrogen Fertilizer—A highly concentrated fertilizer which is 92 times stronger than manure, containing 46% available nitrogen, an essential constituent of all plant foods. Produces quick, vigorous growth.
1 lb., 25c; 5 lbs., 90c

9035 Hardwood Ashes—No. 1 Canada unleached ashes. Contain all the elements which make poor and worn out soil rich and fertile. It is said that insects will not attack roots of plants or leaves where Hardwood Ashes are used on the ground or sprinkled on the foliage. Ashes are water retaining and beneficial to all kinds of plants.
25 lbs., $1.25; 50 lbs., $2.00; 100 lbs., $3.00

9046 Nitrate of Soda (Chile Saltpeter) The best known and cheapest form of nitrogen for plants. Highly concentrated and immediately available. Very effective. Is best applied with a filler or as a liquid.
5 lbs., 50c; 10 lbs., 85c; 25 lbs., $1.75; 50 lbs., $3.00; 100 lbs., $5.00

9047 Nitrophoska—15:30:15. Highly concentrated, water soluble, quickly available complete plant food. Very economical. Only four to six pounds for 1000 square feet of ground.
1 lb., 25c; 5 lbs., 90c; 10 lbs., $1.50; 25 lbs., $2.75

9060 Peat Moss—An excellent, dry, odorless material furnishing humus to the soil. Splendid for mixing with heavy soil to make it mellowy and tillable. Fine for compost for pot soil and greenhouse benches.
Large bale (about 200 lbs.), $4.00 each; 3 bales or more, $3.75 each

9061 Pulverized Sheep Manure—A strictly pure animal product with high chemical analysis for both indoor and outdoor use. Odorless, and producing quicker and better results than stable manure without unsightly appearance.
5 lbs., 40c; 10 lbs., 65c; 25 lbs., $1.25; 50 lbs., $2.00; 100 lbs., $3.50

9062 PlanTabbs (Fulton's)—An odorless plant food in tablet form containing 11% nitrogen, 15% available phosphoric acid and 20% potash. Immediately available, clean, easy to handle and very effective. Easily dissolved in water.
30 tablets, 25c; 75 tablets, 50c; 200 tablets, $1.00; 1000 tablets, $3.50

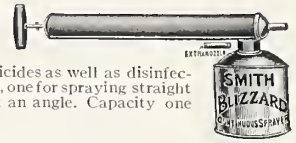
9075 Stim-U-Plant—A fertilizer in tablet form. The essential plant foods are contained in the tablets in highly concentrated form and are, therefore, very convenient to use in the home as well as in greenhouses.
30 tablets, 25c; 100 tablets, 75c; 1000 tablets, $3.50

9090 Vigoro—Vigoro is easily applied and each package contains full directions on how to use it. It is a quick acting valuable general fertilizer that will show results within a short time after it has been used. May be used on lawns as well as flowers, vegetables, shrubs, trees, house plants, etc.
5 lbs., 50c; 25 lbs., $1.75; 50 lbs., $3.00; 100 lbs., $5.00

9095 Zenke's Plant Life—A liquid, odorless plant food for all kinds of plants. Use one teaspoonful to one quart of water, and apply same as when watering plants.
8 ozs., 25c

Sundry Supplies

F. O. B. Rochester. Terms Net.



9352 Smith "Blizzard" Continuous Sprayer — A handy sprayer with copper tank and seamless pump, giving a fine continuous mist. For spraying all insecticides as well as disinfectants and fly sprays. Has two nozzles, one for spraying straight ahead and the other for spraying at an angle. Capacity one quart. **$2.00.**

9353 Smith U. T. K. Continuous Sprayer—One quart size, made of galvanized steel with brass nozzle. Check valve and discharge tube removable for cleaning. Throws large, continuous, fine, misty spray. Tank is double-seamed and durable. **$1.00.**

Smith "Lightning" Sprayer

(Compressed Air Sprayer)

For manifold use such as spraying insecticides, whitewash, paint, lacquer, etc. Will spray any liquid easily, quickly and satisfactorily.

9350 Model A.—Solid brass tank, seamless brass pump, all principle working parts brass. Twenty inches of best quality one-half inch hose with famous Golden Automatic Non-Clog Nozzle. Capacity four gallons. **$7.00.**

9351 Model D.—Similar to Model A. except that the tank is heavy galvanized iron. **$4.75.**

9354 Smith Savage Junior Duster—Handles all dusts, insecticides and fungicides perfectly. Long air chamber develops strong blast. Dust will not escape through air chamber when handle is pulled. Built of finest material and made to stand long hard service. Dusts evenly and uniformly. **$1.25.**
